Appendix D Water Framework Directive Waterbodies

D.1 Overview

The Water Environment (Water Framework Directive) (England and Wales) Regulations 2017¹ transposes the EU Water Framework Directive (WFD)² into UK law following Britain's exit from the EU. The WFD aims to protect and enhance the quality of the water environment. Designated WFD waterbodies that are located within the Upper Severn Catchment are outlined in Table D.1 below. Designated waterbodies include surface waterbodies (canals, rivers, and lakes) and groundwater bodies.

Table D.1: The Water Environment (WFD) Regulations water bodies located within the Upper Severn Catchment area^{3,4}

Water Body Type	Water Body Name	Water Body ID	Operational Catchment	Governing Organisation
Canal	Llangollen Canal	GB70910082	Perry Roden and Tern North Shropshire Canals	Environment Agency
Canal	Montgomery Canal, northern section	GB70910540	Morda and Severn North Shropshire Canals	Environment Agency
Canal	Montgomery Canal, trough pound	GB70910538	Montgomery Canal	Natural Resources Wales
Canal	Montgomery Canal, southern section	GB70910253	Montgomery Canal	Natural Resources Wales
